### The Customizable S17 Spinning Wheel

Louet North America is excited to launch a special offer for their entry-level S17 wheel! The S17 is an outstanding wheel, priced for the entry-level spinner at only \$390. The S17 is functionally identical to the super-popular S10 Concept wheel, featuring all the same components and utilizes the same accessories (such as Art Yarn Flyer, Bulky Bobbins, High Speed flyers, bobbins, etc.) But we're able to offer this great wheel at a lower price because it's unfinished and requires more assembly.

And for a limited time, if you share your painted S17, we'll send you \$200 in fiber! Details below.

**Buy it. Paint it. Spin with it. Make it your own.**

Every NEW S17 owner can send in a picture of their uniquely painted S17 and Louet North America will send them \$200 retail value of fiber from a variety of collaborating fiber suppliers.

Variety can vary depending on the number of participating fiber suppliers.

This offer is for North America only.

### Create Your Own Unique S17 Spinning Wheel

Share your customized S17 Spinning wheel with us! Tag @louetnorthamerica or use the hashtag #makeityourown

Contact your local retailer, SagaHill Designs, at [mail@SagaHill.com](mailto:mail@SagaHill.com) for more info and to order this S-17 wheel or any other Louët products.
